

SENATE PASSES FOUR POWER TREATY

NO RESERVATIONS ARE MADE EXCEPT THE "NO ALLIANCE" ADDITION

Final Vote Showed Four Over the Necessary
Two Thirds Majority—Irreconcilable El-
ement Forced 33 Roll Calls on Measure
—Democrats Are Not So Well United

(By The Associated Press)
WASHINGTON, March 24.—The four power Pacific treaty, the center of controversy over accomplishments of the arms conference, was ratified by the senate today, with no reservation except "no alliance" declaration proposed by the foreign relations committee and accepted by President Harding. The final vote of 67 to 27 representing a margin of four over the necessary two thirds was recorded after opponents of ratification had made more than 20 unsuccessful attempts to qualify senate action by reservations or amendments distasteful to the administration. On the deciding roll call 12 Democrats voted for the treaty and only four Republicans opposed it.

Dying hard the irreconcilable element which had opposed the treaty on the ground that it establishes an alliance between the United States, Great Britain, Japan and France, forced 33 roll calls during a four and a half hours session set aside for final action on the resolution of ratification.

PROHIBITION OFFICERS MAKE BIG LIQUOR RAID IN CHICAGO

Visit Twenty Places
and Use Truck to
Haul Evidence

(By The Associated Press)
CHICAGO, March 24.—The most extensive liquor raid Chicago has had since the dry law became operative occurred this afternoon when a taxicab squad of 25 prohibition enforcement agents swooped down upon 29 saloons and soft drink parlors in South Chicago. In the wake of the agents went a five ton truck to collect evidence.

PROBE REPORTS OF DRUG SMUGGLING

(By The Associated Press)
CHICAGO, March 24.—Federal agents today were investigating reports that one of the largest consignments of drugs ever delivered to Chicago arrived today in the custody of a man 70 years old who disposed of the drugs to three Chicagoans.

APPOINTED COLORED BOY TO NAVAL ACADEMY

Washington, March 24.—Belief that the valor and Americanism of the colored boy in the war should be recognized was said today by Representative Ansover, Republican, New York to have prompted him to appoint Emile T. Holley, a negro of New York City as a candidate for entrance to the United States naval academy.

CANADA BARS WOMAN SENATORS

Montreal, March 24.—The department of justice ruled today that no woman senators can be created in Canada without an amendment of the British North America act.

FORTY HOUR WEEK IS ADOPTED IN ALL OF FORD PLANTS

Plants Will Close Sat-
urday and Sunday
Under New Plan

(By The Associated Press)
DETROIT, Mich., March 24.—Adoption of the 40 hour week as a permanent policy in all plants of the Ford Motor company was announced tonight by Edsel B. Ford, president. Under the new plan the factories will be closed on Saturday and Sunday and about 3000 men will be added to the force. The change will affect approximately 50,000 employees, who will continue to receive the minimum \$6 a day wage.

New employees will receive a minimum of \$5 daily, the pre-war scale. Mr. Ford said he had reached the conclusion the 40 hour week was practical and the additional day of rest would prove a great benefit to the workers and that the production schedules of the Ford industries could be so arranged as to maintain the present output on the curtailed working week.

The action was in line with the company's desire to afford its workers with every opportunity to develop their home life and provide steady work with ample leisure as well as to provide work for more of the city's unemployed.

"Every man," Mr. Ford's announcement said, "needs more than one day a week for rest and recreation. The Ford company always has sought to promote ideal home life for its employees.

"Market demands warrant the operation of the Ford plants, six days a week but we are satisfied the five day week is practical and it has been adopted as a permanent policy. Adjustments naturally are necessary. In equipment and in man power the plants will have to be placed on a basis where they can take care of production in five days weekly.

"It will mean work for 3,000 more men. It will mean more machinery. The goal cannot be fully realized at once but as soon as possible it is the aim of the company to adjust its business so that it can be carried on without work on Saturday and Sunday."

The new schedule will first be put into operation at the Highland Park plant and extended later to all factories, but probably not to the Detroit, Toledo & Ironville Railroad owned by the Ford interests.

Mr. Ford said he believed a greater demand for motor vehicles, particularly commercial was an indication of improvement in business generally.

MILLIONAIRE KID DODGING FORTUNE

(By The Associated Press)
NEW YORK, March 24.—Mrs. Graham Duffield, Chicago widow, who is here seeking Gordon Duffield, her son, heir to a billion dollar estate left by his grandfather, made only one short trip in search of him today.

She went to Cooper Union this afternoon but failed to find any trace of the lost boy who left school in Plainfield, N. J., because he didn't like conditions there. Mrs. Duffield said that although she has had two telephone conversations with Gordon in the last two days he has not come to her hotel as he promised.

TELEPHONE COMPANY
WOULD INCREASE STOCK

Springfield, Ill., March 24.—A certificate for increase from \$60,000 to \$60,000,000 in its capital stock was filed by the Illinois Bell Telephone company with Secretary of State Emerson today.

Among other corporation changes approved today was a decrease from \$6,000,000 to \$200,000 in the capital stock of the Continental & Commercial Safe Deposit Co. of Chicago.

WASHINGTON STATE BANK ROBBED

Port Angeles, Wash., March 24.—The vault and safe of the Sequim State Bank at Sequim near here was blown early today by robbers who obtained \$22,000 in cash and bonds. They escaped to the hills and a posse started to search for them.

ENTIRE FAMILY BURNED TO DEATH

Portage, La., March 24.—Mr. and Mrs. Max Warhaft, their three children and a maid were burned to death when fire destroyed the Warhaft home at Amant, Man., north of here today.

New Method For Getting Radio Music

(By The Associated Press)
WASHINGTON, March 24.—A new development in radio by which music, news, lectures and other forms of speech can be received by attaching the usual receiving instrument to the electric lamp and eliminating the antenna as well as relieving the congestion of wireless broadcasting in the air was announced today by Major General Squier, its inventor and chief signal corps officer of the army.

The first public demonstration of the new wired wireless was held in the signal corps headquarters today. The whole operation consisted merely of removing a bulb from a lamp on General Squier's desk, inserting the receiving plug in the same manner as the electric fans, vacuum cleaners and flat irons have been attached to the lighting circuits. The broadcasting station, it was explained was connected with the lighting circuit thru a lamp receiver at another point.

The invention is believed by signal corps officers to offer a great utility to owners of electric lamps everywhere and, the general said, could bring to every home where there is an electric lighting system the concerts which previously had been broadcast thru the air and received thru the antenna. Another advantage claimed by the inventor is the relief to congestion of the air which it offers to a modified degree and to which Secretary Hoover recently called upon the National Wireless conference for a solution.

Broadcasting over great distances by use of the invention is believed to be possible but that use has not been attempted. The idea was conceived less than a week ago, General Squier said.

BUSINESS NEEDS ONLY COURAGE TO REACH NORMALCY

Gary Says That People Must
Be Industrious and
Economical

(By The Associated Press)
NEW YORK, March 24.—American business needs only courage on the part of business men as well as other people with industrial honesty and a strict maintenance of laws to return to normal prosperity, Elbert H. Gary, chairman of the United States Steel Corporation declared today in commenting on the general trade conditions.

"The business men have the opportunity to bring about honest, reasonable and fair prosperity," he said, "and they can do so if the authorities will maintain the laws and thus secure for individuals the right to work in accordance with their opportunities and desires. But the people of the country must be courageous, industrious and economical, for in that way only can prosperity be brought back."

Mr. Gary said that the action of the senate in ratifying the arms conference treaties will go a long way towards accelerating and establishing satisfactory business.

In a general survey of the steel and iron trade with which Mr. Gary prefaced his remarks on business conditions he declared that other producers hold their announced intention of advancing prices his company undoubtedly will do likewise.

"Whatever we do will be done openly," he added. "It will be our policy and principle to follow increases in the selling prices of others up to the point which we believe to be fair and reasonable and not any further."

"It is still a fact that the prices of many retailers and middlemen are too high and must be reduced before they will obtain the patronage to which they are entitled and that the wages demanded by some of the trades are out of line and a great hindrance to enterprise and necessary construction. This is hindering building operations in a large measure. However, in spite of abnormal and unreasonable aspects concerning business matters there is at present apparently a marked improvement."

"I believe our subsidiary companies are now booking up to about 65 per cent of normal capacity and on account of old orders on hand we are shipping at least seventy per cent of normal capacity."

MRS. MARION JESSUP IN THREE MATCHES

Boston, March 24.—Mrs. Marion Jessup of Wilmington, Del., figured in three sensational national indoor tennis matches today and emerged victoriously in only one. Paired with Mrs. Frank H. Godfrey of Boston in the first round of the women's doubles, Mrs. Jessup defeated Mrs. Mollie Binstedt Mallory and Mrs. L. C. Morris and retained the title which she won a year ago while playing with Mrs. George W. Wightman of Boston.

FEDERAL RESERVE BANK RATE REDUCED

Chicago, March 24.—The Federal Reserve Bank of Chicago today announced to the member banks of District 7 that the reserve rate will be reduced to four and one half per cent effective tomorrow. The rates had been five per cent.

TIDAL WAVE DOES DAMAGE

Rome, March 24.—A tidal wave today swept along the northern shore of the Adriatic flooding numerous villages and extending as far as Trieste where the whole water front and several large city squares were inundated.

Strong winds caused considerable damage along the wharves.

SMALL CHANCE OF PREVENTING COAL STRIKE APRIL 1ST

Government Seems to
Have Exhausted its
Resources

(By The Associated Press)
WASHINGTON, March 24.—There is no likelihood that a suspension of operations in both the bituminous and anthracite coal fields on April 1 can be prevented it was said today at the white house. The government was declared to have exhausted resources in the way of suggesting a conference between operators and miners that might forestall the strike.

The situation will be scrutinized as it develops, the government has no plan for taking action before April 1, it was added, and what will be done after April 1 will be determined by the effects of the strike.

From an administration viewpoint, it was added by high officials who discussed the matter following its consideration at today's cabinet session, it is considered fair to say that while the bituminous coal mine operators have been the principal obstacle to the assembling of a conference between the miners and their employers, which might have averted the strike in advance, the similar proposals looking to a conference which might alleviate the difficulties were resisted by the miners last October and later when the government again advanced them. This, the administration does not consider as constituting a good excuse for the bituminous operators, particularly those in the central competitive field, refusing to enter upon negotiations now.

The government is disposed to recognize, according to the official viewpoint, that there is a very difficult economic problem to be worked out in the coal industry.

Capacity Exceeds Needs.

There is a developed coal mine capacity far in excess of the country's needs, it was pointed out, especially since high prices, high wages and high freight rates have practically wiped out the export trade in coal. The operators in the central competitive field are faced with the necessity of maintaining their properties in production against increasingly severe competitive. This condition makes it imperative that far reaching adjustments in wages be made.

In consequence the government is not understood to be contemplating interference until such action has been made imperative.

Labor department officials who had conducted negotiations in an attempt to avert the strike while disappointed that no conference has been attained in the bituminous field were inclined to believe that even a round table discussion would not under existing circumstances, prevent the strike on April 1. Secretary Davis is convinced, it was said, from observation in the anthracite industry that the viewpoints of the parties concerned are so far apart that nothing but the actual test of a strike will bring them to reconciliation.

The view of the government has been shaping more definitely toward this conclusion with every discussion which has taken place between officials with representatives of the industry.

FEDERAL OFFICER UNDER INDICTMENT

(By The Associated Press)
CHICAGO, March 24.—An indictment charging Joseph R. Sullivan, chief field deputy in charge of an income tax office with extortion and unlawful acceptance of money was returned Thursday by a grand jury it became known tonight. Sullivan said to be related to Judge John J. Sullivan and Fred Gibson, both deputy collectors of internal revenue is charged, jointly with Girtion of accepting \$100 from Charles Jacobs, an inventor, on the promise that he and Girtion would report favorably on Jacobs' income tax statement which they were inspecting. Jacobs is said to have reported the offer.

Sullivan and Girtion were arraigned before a commissioner and released in bonds of \$5,000 each.

ROBBED BEATS WEALTHY WOMAN

Chicago, March 24.—A robber today held up Mrs. Caroline Scheidt, wife of a wealthy manufacturer and beat and robbed her of a ring valued at \$1,800, a fur coat valued at \$3,000, took \$11 from her pocketbook and escaped. The robbery occurred as Mrs. Scheidt was leaving her apartment.

CEMENT COMPANIES PRESENT HIGH BIDS ON STATE CONTRACTS

Answer Governor Small's Demand for \$1.30
Cement by Quotations of \$1.50 Per Bar-
rel—Universal Company Calls Attention
to Increased Cost of Production Since 1913

(By The Associated Press)
SPRINGFIELD, Ill., March 24.—Governor Small's demands for \$1.30 cement for hard road construction were answered by the cement companies today with quotations which average \$1.50 per barrel.

Highway officials and the governor declined tonight to comment on the difference between the governor's figure and the cement companies' offer or what will be done about it.

Th Universal Portland Cement company was announced as the lowest bidder with a price of \$1.45 net mill price, practically the same offer this company made several weeks ago when the Marquette company alone met the governor's figure on 600,000 barrels of the four million barrels contemplated for 1922 road work.

In a letter delivered to highway officials before the bids were opened today, the Universal company declared that its quotations were 48 1-2 percent higher than cement prices in 1913. The letter then enumerated the following increased cost percentages in the production of cement: Coal 203 percent; limestone 60 percent; wages 54 percent; freight on coal 167 percent; freight on limestone 52 percent.

"Please compare these increases with the increase in the price of Universal Cement of 48 1-2 percent and the increase in price of all commodities of 45 percent," the letter continued.

The governor, C. R. Miller, director of public works and Frank T. Sheets, superintendent of highways were in conference until late discussing the proposition which confronts them.

Governor Small has announced his intention of paying 1,000 miles of highway this year and it has been occasionally hinted that the governor plans to include the production of cement among state activities. If the cement companies refuse to meet his demands for lower prices.

SPECIAL GRAND JURY DISCHARGED

(By The Associated Press)
CHICAGO, March 24.—The special grand jury which for the past two weeks has been investigating the alleged misappropriation of justice in connection with recent labor trials was discharged today by Chief Justice Scanlan of the criminal court on motion of State's Attorney Crowe. The notice to the jury that its duties were completed came unexpectedly to the members and John J. Phelan, the foreman, made a statement to newspapers in which he asserted that the work of the jury had hardly started and that in view of its dismissal what had been accomplished was useless.

State's Attorney Crowe said the investigation would be continued by the regular grand jury and assigned economy as a reason for asking the discharge of the special grand jury. William Queese, president of the Janitors' Union and Theodore Lodin, a junior in a case of extortion against Queese and others in which the jury disagreed, were indicted today by the regular grand jury before the special grand jury had been discharged.

LOVE AFFAIR CAUSE OF SHOOTING

Rockford, Ill., March 24.—Walter Kalamaka, a dishwasher in a local restaurant shot himself thru the head tonight after attempting to kill Mrs. May Soter, a waitress and her escort, Amos Estes. Kalamaka fired five shots from a 32-caliber revolver one striking the woman in the head and the other plowing thru her side and lodging in her neck. The third bullet imbedded itself in the man's side. Kalamaka then shot and sent the fifth bullet into his left temple dying instantly. The wounded man and woman are expected to live. The shooting was the outcome of a shattered love affair.

STOCK EXCHANGE MEMBER SUSPENDED

Chicago, March 24.—Archibald R. Webb, was suspended from the Chicago stock exchange for one year it is announced today. The governing committee had found him guilty of violating the by-laws prohibiting advertising in a manner detrimental to the welfare of the exchange.

Concord, N. H., March 24.—Cool Weghoff of Concord was a visitor to Jacksonville yesterday.

BONUS MEASURE IS DUMPED INTO LAP OF SENATE

Just Finishes Treaty
and Gets Another
Tough Nut

(By The Associated Press)
WASHINGTON, March 24.—Scarcely had the senate finished its fight over the four power treaty today when the house laid the long converted soldiers' bonus bill in its lap. Senate business was halted for the presentation of the measure. Appearing in the midst of a controversy as to the time for taking up the next of the treaties and being immediately recognized by Senator Wadsworth who was presiding, the house clerk made a deep bow.

"Mr. President," he said, "I am directed by the house of representatives to inform the senate that the house has passed H. R. 10,784 to provide adjusted compensation for veterans of the world war, in which the concurrence of the senate is respectfully requested."

A titter ran around the crowded galleries and there were smiles by many senators. There was a suggestion that the bill be referred to the appropriations committee.

Senator Harrison, Democrat, Mississippi, declared he did not want it sent to the finance committee, explaining that it might "disturb the bonus bill that is sleeping there."

"There is no telling," he said, "when that bill will wake up and I believe we ought to send this measure to some committee that will act upon it."

There followed a squabble as to what committee should consider it, but Senator Wadsworth decreed that it should go to the finance committee.

Must Follow Tariff

Chairman McComber of that committee said the bonus measure could not be taken up until after the tariff bill had been reported to the senate, but he thought there would be quick action on it both in the committee and on the senate floor. He said the tariff bill probably would be sidetracked temporarily in the senate to let it thru.

Senator Snoot of Utah, the ranking Republican on the committee said the measure probably would be materially changed.

"The bonus bill that passes the senate will carry a measure of financing it," he declared, adding that the financing would not be done by means of bonds.

Asked if a sales tax would be the financing medium as recommended by President Harding, Mr. Snoot said:

"I think so, if we have to come to that."

Hanford MacNider, national commander of the American Legion, in a statement to the press, expressed confidence that it would meet with the approval of former service men and declared that legislation that had twice passed the house was "inevitable."

Cecil Weghoff of Concord was a visitor to Jacksonville yesterday.

The United Grain Growers, Inc., have been in a three days' wrangle over the choice of directors. Possibly the reason for this long disagreement among the producers of grain is the fact that their conference is being held in Chicago. Were it not for that fact, regret might be expressed that the grain growers are showing such a lack of harmony.

Dr. W. A. Evans, health editor for the Chicago Tribune, and Dr. Humiston, president of the Illinois Medical Society, have been asked to aid in investigating the charges of irregularities made against the state department of registration and education. The names of these men, asked by Governor Small to serve on the commission, suggest something there in the investigating line.

There is one good thing about the bad conditions in Chicago. If the bandit and outlaw continue to grow bolder and more defiant, citizens will finally be aroused to the fighting point. The day of the vigilante will come. Citizens thoroughly aroused can clean up any city.

A side light on the Seamy side of life is found in the testimony of one of the witnesses against Tex Rickard. This child of 12 years, who charged the fight promoter with an unseemly crime, testified that he had been guilty of forgery, burglary, robbery, and perjury. Remember, the witness was 12 years of age.

The most optimistic note that has been sounded lately is the statement of W. G. Lee that he believes the wage controversy related to the railway trainmen and conductors is about to be settled. If this proves true, a considerable step toward industrial peace will have been taken.

The cement companies have raised their price to the state to \$1.50 per barrel. However, the companies give some interesting facts in support of their claim that this increase of 43 per cent over the pre-war price is entirely justified by increased cost in production. The figures go to show that the cement makers now pay 203 per cent more for coal than in 1913, and that the cost of limestone is 60 per cent higher than in the year just mentioned. Coal and limestone are very large factors in cement making.

There were more than 100,000 more automobiles registered in Illinois last year than in 1920. Yet the last year was accounted below normal in a business way and conditions were referred to as difficult among automobile men. Bearing this in mind, 1922 should surpass all previous records for the indications point to great activity. Automobile factories are running on full time and price reductions have stimulated the demand. Jacksonville automobile dealers have sensed this situation of "good business just around the corner" and they are making the most ample preparations.

The subject of fire prevention is not usually considered as of the living interest. However, one gets a different view of the matter as presented by State Fire Marshal Gamber. The state official has assembled a fund of information with reference to fire prevention which makes the subject impressive.

Certainly that is a field in which there can well be earnest endeavor, for the tremendous savings are possible and all for the good of society.

One of Mr. Gamber's statements again illustrates the fact that there is nothing new under the sun. Away back in the centuries Moses ordered the Children of Israel to have a care and to see to it that the property of others was not damaged thru their carelessness. Thousands of years have elapsed with the lesson still timely. The need for fire prevention grows as the population increases.

JURY RETURNS VERDICT IN FAVOR OF MISS NASH.
Attorney D. J. Staley returned from Virginia yesterday where he represented Miss Dorothy Nash as plaintiff in a suit to recover wages as a teacher in the Cass county schools.

While teaching Miss Nash was discharged by the county superintendent of the Cass county schools on recommendation of the principle. The suit was to recover the wages for the unfinished term. A verdict for Miss Nash was rendered by the jury, awarding her judgment in the sum of \$432.90.

FIRE PREVENTION FACTS PRESENTED

John Gamber, State Fire Marshal, Made Informing Address to Rotarians—Reports Made from Decatur Convention.

John G. Gamber, state fire marshal, made the address at the Friday luncheon of the Rotary club at the Pacific hotel. Mr. Gamber, a member of the Springfield Rotary club, also pressed for time made a very clear exposition of the importance of the work of his department. Samuel Hunt, chief of the Jacksonville fire department was another guest of the day.

Harry M. Capps of the Pontiac fire department committee made a formal report of the trip to Decatur in which the fact was emphasized that Jacksonville made an excellent showing and that all precedents would have been swept away had the Jacksonville candidate been elected following such a brief campaign in his behalf.

Mr. Pontius also spoke briefly, as did E. E. Crabtree, F. L. Randall and Earl M. Spink. The club gave a special vote of thanks to Dr. G. H. Kopper, who several weeks ago presented the club with an emblem done in gold and white. At that time the name of the donor was not known.

A special vote of thanks was also sent to President Rammelkamp of Illinois college for the services of the college band on the Decatur trip.

The guest list of the day included Frank H. Foote, who has recently become a resident of the city; Dr. Samuel Clark of the Newbury sanatorium and E. T. Beach of Chicago. Mr. Beach sang two solos which were very much appreciated by the Rotarians.

Mr. Gamber made mention of the Jacksonville record, saying that last year the fire loss as disclosed by the excellent record of Chief Hunt, was but \$33,000, which meant an average per capita loss of \$2.06.

The speaker began by appealing to Mr. Pontius to substantiate his statement that fire prevention work began centuries ago for it is recorded that Moses laid down certain rules for the conduct of the children of Israel, purposing to prevent the destruction of other people's property from fire caused thru carelessness.

Among other facts presented by Mr. Gamber were the following:

Good Local Record
The report as made to my office by your efficient chief, Samuel C. Hunt, for 1921, shows that your fire loss last year amounted to \$33,000, almost all insured. This is a per capita loss of \$2.06, which is considerably below the \$5 record for the country at large.

Your record as to the number of fires was also good, your total being 77, or an average of about three every two weeks. Your loss per fire averages \$428.63.

But do not mark time. The record this year or next may be different. One big fire may occur and wipe out many thousands of dollars at a stroke. Vigilance must be exercised constantly.

An analysis of the record shows that sparks on wooden shingle roofs were the prime offender, causing 21 fires. Defective or overloaded fuses came next with 15.

Rubbish and litter started five blazes.

Four fires each were due to exposure, spontaneous combustion and incendiaries.

Steam and hot water pipes started three fires.

Two each were due to electricity, explosions, gas, hot grease or oil, matches or smoking.

Friction from running machinery, hot ashes, coals or open fires, and hot irons brought up the rear with one each.

There were five fires of undetermined origin.

Dwellings were the chief sufferers, 47 catching fire. The record for other occupancies was: Barns, stables, 6; garages, 1; warehouses, 4; saloons, 3; stores, 3; barber shops, 1; factories, 1; hospitals, 1; restaurants, 1; each; automobiles, 5.

General Facts
In the year 1920, approximately a half billion dollars of resources were destroyed by fire in the United States.

Although we were staggering under the load of economic burdens of the war, although thrift and conservatism were never more needed, although the shortage of homes caused thousands of persons to be inadequately housed, we piled up the largest fire loss ever known in your country, excepting only the year of the great San Francisco fire.

On top of all the other taxes we placed a self-imposed tax for fire losses amounting to almost \$5 for every man, woman and child in the land.

There would be a popular uproar if the government imposed a direct tax of a half billion dollars a year to cover waste by fire. It would be argued that the proper remedy would be to prevent the loss rather than penalize the whole people for it. It would be argued further that the great majority of fires are due to carelessness or negligence, and that the persons having such fires should be held to account rather than be reimbursed from the public treasury.

Public Pays for Waste.
Both arguments are not only sound, but they state the case of fire prevention. Whether you realize it or not, the whole people pay every cent of the fire waste, and then some. Eighty per cent of burned property is insured. Every time you pay a fire insurance premium you are contributing your share to pay for this waste. It takes some premiums to pay for 80 per cent of a half billion dollar fire waste. And that is not all that the premiums have to cover. They must cover the vast adminis-

trative expenses of the insurance companies, commissions for agents and adjusters and a tidy portion must be tucked safely in the reserve funds of the companies to meet possible catastrophes, such as the San Francisco fire. It takes a tremendous premium income to do this and you and I and the other policy holders pay every cent of it. It's a sort of direct tax, after all, isn't it?

We're paying it indirectly, too. The consumer always pays the bill. Every manufacturer, wholesaler, jobber and retailer charges his insurance against the cost of doing business and passes it on to you. You pay it every time you purchase an article.

Next time your neighbor has a fire because he placed some hot ashes against a basement partition, allowed a lot of rubbish to accumulate or neglected to mend a crack in his chimney, remember that you are being penalized for his carelessness and think a minute before you sympathize with him. Eight out of ten fires are due to some person's carelessness and should call for censure instead of sympathy.

In Europe the average annual fire loss is 30 cents per capita. In this country it has been running about \$1 and last year reached \$5. Europeans can't understand us in this regard. They look upon us as a lot of incendiaries or as a people who like to play with matches and are entirely willing to pay the fiddler.

Europe Hates Fires.

Over here a fire is regarded as a crime against society. Building regulations are strict and are strictly enforced. A person who has a fire is held personally liable unless he can prove he was in no way responsible.

Over here a fire is regarded as a crime against society. Building regulations are strict and are strictly enforced. A person who has a fire is held personally liable unless he can prove he was in no way responsible.

Over here a fire is regarded as a crime against society. Building regulations are strict and are strictly enforced. A person who has a fire is held personally liable unless he can prove he was in no way responsible.

We Need the Homes.

Because of the shortage of homes, people have actually watched the obituary columns and divorce news of the newspapers in a desperate effort to get a line on houses or apartments in this state last year, causing many which might possible become vacant. Tenants have been driven frantic over excessive rentals demanded by land lords. In face of this, 6,385 houses and 1,537 apartment buildings of additional families to join the mad scramble for a place to live.

One thousand one hundred and three stores, 622 factories, 141 warehouses, 125 hotels, 85 schools, 72 public halls and 27 theaters were included in our Illinois bonfire last year. And there are 45 other kinds of property which I have not mentioned.

I stated a few moments ago that eight out of ten fires are due to carelessness or negligence. This is true whether the fires occur in home, factory, store, theater or whatnot. Eighty per cent are absolutely preventable and the balance largely so.

A Final Warning.

I wish that every citizen would think of possible fire hazards in his home every day and that every business man would delegate some competent person to be responsible for fire hazards in his place of business. Someone should make the rounds of every store and factory at least once during the course of a day and see that no hazards exist. Finally we need an awakened public sentiment which will demand the enactment and enforcement of adequate ordinances, the proper safeguarding of schools, theaters and other places where people congregate, which will support the fire department in its needs for proper and sufficient equipment, and which will back up the city and state authorities in their efforts to rid the city of fire breeding conditions. Public sentiment is the thing which rules America. Civic organizations such as this have much to do with crystallizing public sentiment and if my talk to you shall result in awakening a better public sentiment toward preventing fires, I shall be well pleased.

ILLINOIS COLLEGE LOSES TWO DEBATES

Local Debaters Lose to Monmouth Here and to Augustana at Rock Island—Decision 2 to 1 in Each Case.

Friday, March 24 proved to be an unlucky day for the debating teams of Illinois College as they lost debates to Monmouth and Augustana. The decision of the judges in each case was two to one.

The Sigma Xi team which won from Phi Alpha last Monday night had the affirmative side of the question, "Resolved, That the Principle of the Closed Shop in Industry is Justifiable." In the debate with Monmouth here, the visiting team romped off with the decision.

The Phi Alpha team debated with Augustana at Rock Island and had the negative side of the question. The result there was a two to one decision for Augustana.

The judges for the debate here were: President Turner of Lincoln College; Prof. Guilds of Illinois Normal; and Sam Whittenberg from the office of the superintendent of Public Instruction.

The affirmative team debating Monmouth was composed of Byron O. Cully, Clarence Weber and Bernard Frazier. The negative team debating at Rock Island was composed of Ray Grunz, John Butcher and Richard Thompson.

CARD PARTIES GIVEN AT HOMES IN CHAPIN

Cowdin and Woodward Homes are Scenes of Pleasant Social Events Thursday Evening—Other Chapin News Items.

Chapin, March 24. — Mr. and Mrs. Charles Cowdin very delightfully entertained a number of their friends at a five hundred party Thursday night. There were six tables made up and a very pleasant evening was enjoyed. Light refreshments were served. Their daughter, Mrs. Homer MacNamara of Springfield was a guest.

Mr. and Mrs. Walter Woodward entertained a party of friends on Thursday night at rock. A delightful evening was passed. Those present were Mr. and Mrs. W. W. Anderson, Mr. and Mrs. P. H. Tamm, T. L. Markham, E. W. Schmitt, Misses Effie and Helen Markham, Mary Black and Irene Nieman.

Mrs. John Griffin is still confined to her room suffering from a recent severe attack of her old trouble.

Mr. and Mrs. C. B. Joy and son Charles who spent the winter in Jacksonville, returned Tuesday to their country home.

Mr. and Mrs. Roy Pond and son arrived home Thursday from Peoria where they have been the past year. Mr. Pond expects to go to Chicago the second of April for a medical examination.

Miss Johanna Onkin came home from Charleston on the early train Saturday morning for a week's visit. Miss Onkin is a member of the Charleston high school and has been granted a week's spring vacation.

The Ladies' Aid society of the Christian church met with Mrs. J. F. Burnham Thursday afternoon. The time was spent in quilting.

Word has been received here of the death Wednesday morning of the infant son of Mr. and Mrs. Harold Blach of Springfield.

Earl B. Searcy is to give a talk here Saturday afternoon.

Mr. and Mrs. J. L. Alderson and Miss Vivian Alderson spent Thursday in Jacksonville.

AGED SCOTT COUNTY RESIDENT IS DEAD

James Ham Passed Away Friday at Home Near Osville—Other Items of Interest from Winchester and Scott County.

Winchester, March 21. — An aged Scott county man, James Ham, passed away at his home, two miles west of Osville, Friday at 2:45 o'clock. He was 82 years old and had been in ill health for the past two years and his death was therefore not unexpected.

Mr. Ham was eighty-three years of age. During his early life he lived on a farm north of Winchester, but for many years he had lived near Osville. His wife preceded him in death five years ago. One daughter and two sons survive.

The funeral will be held at 2 o'clock Sunday afternoon if the daughter arrives from the north in time for the service at that time.

News Notes.

Mrs. Grace Mader left Friday night for Chicago, where she will meet her daughter, Miss Mader, and from there they will go to Clinton, Ohio, to visit Mrs. Mader's son, George.

Mrs. Cora Rickart visited her son in Jacksonville Friday.

Mrs. L. R. Day, who has been quite ill for the past week or more, was somewhat improved Thursday and Friday.

Mrs. L. C. McIntosh arrived Friday from Green Valley to visit her husband.

Miss Beulah Green arrived Friday from Jacksonville where she is teaching, and will spend the week end with her parents here.

A. C. Smith is improving after his recent accident.

HERE FOR WEEK END
Horace R. Swain of Chicago is spending the week end at the home of his parents, Mr. and Mrs. J. C. Swain of West North street. Mr. Swain is now connected with the bond department of the Harris Trust and Savings Bank of Chicago.

MAKES ADDRESS AT DAVID PRINCE SCHOOL

Miss Jean Rich Addresses Parent-Teacher Association of City Friday Afternoon.

The Parent-Teacher Associations of the several schools held a meeting Friday afternoon at the David Prince school. Mrs. Jean Rich, a representative from the educational department of the Royal Baking Powder Co., in New York City, was the speaker of the afternoon and gave a most interesting demonstration.

The subject of Mrs. Rich's lecture was "Luncheon Dishes, Sandwiches and Salads" and several of the recipes were made up as the lecture progressed. Mrs. Rich is to speak today before the Domestic Science Round Table of the Woman's club.

Among the recipes given yesterday were the following:

Recipe For Sardine Sandwich

Filling:

4 hard boiled eggs, 1 can of sardines and sufficient lemon juice to give the desired acidity.

Another pleasing filling is made of Roquefort cheese and orange or grape fruit marmalade.

Marshall Field Club Sandwich:

One slice of white bread, one slice tomato, another slice of white bread, chopped or sliced chicken with a bit of crisp bacon, another slice of bread, garnished with finely chopped celery mixed with mayonnaise; serve in triangles.

Another recipe given was that of biscuits, which is given below:

3 cups flour, 6 teaspoons baking powder, 2 teaspoons salt, 6 tablespoons shortening. Mix with a fork and add one cup milk.

For Eggs a La King the following recipe was given:

White sauce, 4 tablespoons lard, 4 of flour, 2 cups milk. Into this put one-half a pepper, three-fourths cup chopped celery, some onion juice, mushrooms and pimientos. Over fourteen hard boiled eggs pour the white sauce and serve with a garnish of the biscuits.

Mexican Sandwich Filling:

½ pound dried beef, frizzled. Add to this 1 pint tomatoes, a can of pimientos and cook for a few minutes. In a separate pan, melt ½ pound cream cheese. Add to the tomato mixture, stirring rapidly. Cool and use with either white or rye bread.

Spring Salad:

1 young cabbage, 3 cups cold cooked macaroni, 1 green pepper, 1 small onion, 1 apple, a small raw carrot, ¼ cup nuts. Chop and mix. Moisten with mayonnaise dressing.

SPRING OPENING and WINDOW DISPLAY

Monday Evening, March 27th 7 O'Clock

S. T. ZACHARY CAN BE RELEASED ON BOND

Judge Smith Heard Agreement Yesterday For Release of Man Charged With Murder — Bail Fixed at \$10,000.

Judge E. S. Smith yesterday heard argument in the circuit court here yesterday on the application for the release of S. T. Zachary on bail. After listening to argument and testimony, Judge Smith decided that the defendant should be released upon bail, giving bond in the sum of \$10,000.

The court indicated that the presumption of guilt was not so great but that the defendant was entitled to bail. The physical condition of the accused man and his age also had something to do with the court's decision.

WILL OUTLINE

FARM BUREAU WORK

Members Asked to State Just What They Would Like to Have Organization Do.

A program of work committee of the Farm Bureau has arranged for a series of conferences on how the business can best aid its members.

The meetings thus far arranged for are indicated in the following letter recently issued by the committee:

Dear Member:—

The Executive Committee authorizes a program of work campaign to acquaint members with the Farm Bureau and how it may best serve its members. The executive committee believes that 80 out of every 100 members do not know what the farm bureau is for.

The program of work committee has arranged for a meeting in every township. The township chairman have been instructed in methods of holding these meetings. The meeting places and chairman in charge are as follows:

All meetings thus far arranged will be held March 28th.

13-8—W. H. Rohrer, 7:30 p. m., Opera House, Waverly.

13-9—Charles N. Wyatt, arrangements incomplete.

13-10—Albert Hayes, 7:30 p. m., Town Hall, Murrayville.

13-11—Emery Thady, 7:30 p. m., Town Hall, Murrayville.

14-8—John A. Brown, 7:30 p. m., Little York School.

14-9—S. A. Darley arrangements incomplete.

14-10—N. R. Crain, 7:30 p. m., Woodson Christian Church.

E. R. Hembrough, 7:30 p. m., Asbury Church.

14-11—Fred Schofield, 7:30 p. m., Lynville Christian church.

15-8—George Rubie, arrangements incomplete.

15-9—Fred Moeller, arrangements incomplete.

15-10—Austin Patterson, 7:30 p. m., Farm Bureau Office.

15-11—Fred Jewsbury 7:30 p. m., Lynville Christian church.

North part 7:30 p. m., Zion Church.

15-12—Alfred Anderson, arrangements incomplete.

16-8—John W. Graff, 7:30 p. m., Woodman Hall, Prentice.

16-9—L. J. Stewart, arrangements incomplete.

16-10—H. D. Crum, arrangements incomplete.

16-11—Bert Way 7:30 p. m., Town Hall, Concord.

16-12—Albert Bartelheim, arrangements incomplete.

16-13—D. F. Beauchamp, arrangements incomplete.

The objects of these meetings are:

1.—To give every members of the Farm Bureau an opportunity to express his opinion as to what the Farm Bureau should do for him as an individual and for his community.

2.—To get a better understanding among members as to what the Farm Bureau can and cannot do.

3.—Understand the Farm Bureau and how it works.

4.—To give everyone present an opportunity to express his opinion and clear up any misunderstanding.

Please attend one of these meetings for we need your cooperation in order to make the Morgan County Farm Bureau a better Farm Bureau.

Sincerely yours,

C. H. Gibbs,

Fred Moeller,

E. R. Hembrough,

Ed Scott,

A. H. Bartelheim,

Program of Work Com.

MRS. LENINGTON LAID TO FINAL REST

Funeral Services Held Friday For Former Resident — Interment at Diamond Grove.

Funeral services in memory of Mrs. Martha Dale Lenington, widow of the late Rev. Robert Lenington, were held at Westminster church Friday morning.

A number of the long time friends of the deceased gathered at the church to do honor to her memory.

Dr. Thomas W. Smith was in charge of the services. Miss Katherine Barr sang two hymns. The beautiful floral emblems were in charge of Mrs. A. F. Kitner and Mrs. H. B. Kamm.

Interment was in Diamond Grove cemetery and the bearers were R. R. Stevenson, W. J. Brady, Henry B. Kamm, Edward Jenkinson, George C. Guthrie and J. W. Walton.

Dr. Smith had personal knowledge of Mrs. Lenington's life and character, paid a beautiful tribute to that life of earnest self-sacrifice.

He spoke especially of the influence of her life on the work of her sons, one of whom is now a missionary in Brazil and another engaged in religious work in the east. Mrs. Lenington was the daughter of Rev. John Dale and Sophia Alexander and was born in Bloomington, Ind., June 26, 1839.

She was educated at various schools and graduated from an academy in Bloomington conducted in that day by Rev. Mr. Conover.

Subsequently the deceased taught school for several years. Her marriage to Rev. Robert Lenington was solemnized May 11, 1862 in the Presbyterian church in Virginia. Her own father performing the ceremony. Mrs. Lenington began her married life in Springfield, where her husband was pastor of the Portuguese church. In 1867 she accompanied her husband to Brazil as missionary and continued in that work except for a short interval, until 1884.

In Brazil her work was in Rio Janeiro, Bahia, Sao Paulo and other cities. It was pioneer work and the sainted woman traveled on mule back with her husband far across country, enduring many hardships for the cause she loved.

At Brotas and Rio Claro Mrs. Lenington served as matron of a boarding school.

The return to the United States was made for the education of the family. For two years the family was located in Worcester, Ohio, and then Mr. and Mrs. Lenington and their children came to Jacksonville, where a home was established at the corner of Church and Walnut streets and the sons and daughters enrolled as students here.

For a period of years Mr. Lenington served as pastor of the Portuguese churches in Jacksonville and Springfield, working with great earnestness until his health failed. Following the death of her husband in 1903 Mrs. Lenington lived with her children George and Gertrude.

Mrs. Lenington the advanced in years, was more than usually strong and continued in good health until just a few weeks before her death, at the home of her daughter, Mrs. Gertrude K. Bartlett, in Chicago.

Mrs. Lenington is survived by five children: Miss Effie R. of Ballston Spa, N. Y., Rev. Robert F., a missionary in Brazil; Rev. George C. Lenington of New York City, secretary of the Ministerial pension fund of the Reformed Church; Mrs. Gertrude K. Bartlette of Chicago and John Allen Lenington of this county. There are twelve grandchildren.

SPRING OPENING

and WINDOW DISPLAY

Monday Evening, March 27th 7 O'Clock

The public is cordially invited to attend the spring opening and window display to be held in the business district of Jacksonville on Monday evening, March 27th at 7 o'clock.

Liniment** (Patent)

Library Has New Book

Smith, Sir Ross, 14,000 Miles through the Air. A brand new book just off the press and tells the story of the first flight made by aeroplane from England to Australia. The book itself is so simply and so well told that it is of intense interest to men and boys. Lieutenant Smith undertook to return to his native land from London by the daring method of travel through the air. The absence of technical language makes it a book that one will enjoy reading as a pastime. He begins with preparation for the journey, his inauspicious start, and then recounts the many thrills and the misadventures of the trip. The war has left in its trail the interest in aeroplanes and in this book the best of the type is shown. It is written in a matter of fact way and is never dull. It is very well illustrated with photographs and is well worth your reading. There is a very good time table given in the front of the book which shows exactly the time it took to complete the journey, which was 188 hours to fly a distance of 14,350 miles over the ice and snow of the Alps and over the desert sands of Arabia, over the northern part of India, through the Dutch East Indies, down into Australia to the home of the author. The book first appeared in serial form in the National Geographic Magazine and in the Australian Life Magazine but in a much briefer form.

JUNIORS WON ESSAY CONTEST AT I. W. C.

Members of Junior Class Carry Off All Honors in Wesleyan Mathers Contest in Delivery of Essay.

The Juniors won all the honors in the Wesleyan Mathers essay contest held at Music hall at Illinois Woman's college Friday evening. There were six contestants and a great deal of rivalry existed between the sophomore and junior classes which competed for honors.

Miss Margaret Fowler of Springfield won the first place, while Miss Helena Betcher of Ashland and Miss Florence Weber of San Jose tied for second honors.

The contest is made possible thru the Wesleyan Mathers fund established by Mr. and Mrs. F. H. Rowe. Two prizes are offered, one of \$17 and the other of \$8, in the delivery of original essays.

The judges on delivery last night were Dr. Thomas Smith, Rev. G. W. Randle and Miss Shelah.

At the close of the contest, which was attended by an appreciative audience, the juniors and freshmen celebrated their victory in a fitting manner.

Next week the contest in declamation will be held, when prizes of \$17 and \$8 will be awarded to winners of the first and second place.

WHITE HALL RESIDENT WAS BURIED FRIDAY

White Hall, March 24.—Funeral services over the remains of Marion Talkington were held in Tabernacle Baptist church at 2 o'clock today. He was a victim of Bright's disease, his death occurring on Wednesday in his home on Tumison avenue. His age was 74 years, being born in Morgan county January 5th, 1848, and had resided in White Hall for a number of years. His wife survives, together with three step daughters and one step son, well known, as follows: Mrs. William Blazer, Beardstown; Mrs. Roy Anthony, White Hall; Mrs. Len Moles, White Hall and Clarence Chandler now residing at Decatur.

Water is reported over some of the Yazoo & Mississippi Valley railroad tracks at Lakeview, Miss., while the Ohio river is still rising at Paducah.

WATER IS HIGH DOWN AT CAIRO

Cairo, March 24.—The present rise in the Ohio and Mississippi rivers will give Cairo about a half a foot more than was expected, W. E. Barron, United States meteorologist announced today. A crest of 53.8 feet is predicted for Sunday or Monday. The gauge today was 53.2, a rise of 3 in 24 hours. Shawneetown, Ill., and Paducah, Ky., were the only Ohio river cities showing a rise today it was said. The rise at Shawneetown is expected to abate tomorrow.

PREDICTS SOUND MONEY FIGHT

Chicago, March 24.—David R. Forgan, president of the National City Bank of Chicago, in an address today said that a recent currency reform discussion that he expected to see a sound money fight in a few years. He predicted Henry Ford would be the leader.

FILMS SHOWN AT FRANKLIN LAST NIGHT

County Agent George B. Kendall went to Franklin yesterday to show the Farm Bureau film at the Franklin opera house. The films were witnessed by a large audience of farmers and residents of the Franklin community.

WANTED — Power Hay Press. Good condition. Must be cheap. O. E. Gibbs, Winchester, Ill. 3-25-22

PARK BOARD MEMBERS RETURN FROM ST. LOUIS

Made Inspection of Parks, Swimming Pools and Other Recreational Features in Missouri City

Members of the local park board returned last night from St. Louis, where they went to inspect the swimming pools and other recreational features. The trip was made by automobile, the party including Mrs. G. T. Hollinger, Mrs. A. Weihi, A. C. Metcalf and T. J. Brennan.

Upon arriving in St. Louis they interviewed the director of recreation, who is in general charge of the park and playground activities. An escort was provided for the tour of the various parks and everything possible was done to enable the visitors to gain a clear idea of what is being accomplished in the Missouri city in the line of outdoor activities.

The local people were particularly interested in inspecting the swimming pools, as it was for this purpose they made the trip to St. Louis. They visited the pool at the old fair grounds, which is the largest outdoor swimming pool in the world.

They also paid a visit to the municipal bath and pool which is now in use. There are several hundred shower-baths and a large pool which is available for men, women and children at different stated periods during the day. They were given blue prints showing the construction of the pools, and were told how to avoid the mistakes which were made in the St. Louis pools.

The financial situation in St. Louis is such that there is not now available a sufficient fund for the proper maintenance of the recreational features. Some of the employees have been laid off and in other ways expenses curtailed. There is no tax there for the maintenance of the parks and playgrounds, appropriations being made for the purpose by the council.

The Jacksonville park board feels well repaid for the time spent in inspection of the St. Louis parks and other features, and the trip was one which was well worth while.

AUTO THEFT RING UNEARTHED IN CHICAGO

(By The Associated Press)

CHICAGO, March 24.—An extensive automobile ring said by police to be responsible for theft of three fourths of the automobiles stolen daily in Chicago, to have operated in Galesburg, Peoria, Streator and Joliet, Illinois, to have shipped stolen cars to Minneapolis and St. Paul and other cities and to have agents as far away as California, was brought to light tonight by Chief of Police Fitzmorris. The leaders of the three bands comprising the ring and one policeman, have been arrested, Chief Fitzmorris said.

"Three of the largest bands of automobile thieves in Chicago and possibly in the country have been broken up and the central clearing house used by them discovered," he added.

According to Chief Fitzmorris, the men who stole the automobiles changed the engine and serial numbers of them, and then disposed of them thru automobile dealers or garage owners. More than a half dozen garages in the south and west side of Chicago are implicated, he said. One man arrested according to the police, had a helper in California who wired him the engine and serial numbers of automobiles in use there.

SMALL WILL OPEN AUTOMOBILE SHOW

Governor Sends Word That He Will Be Here on Opening Day—J. F. Claus Receives Word.

J. F. Claus received word yesterday from Springfield that Governor Small will be in the city Monday evening at the opening of the Automobile Show and Merchants' Exposition.

The message came from the office of the state auditor and the Governor will be accompanied to Jacksonville by State Auditor Andrew Russell.

News that Governor Small will be present no doubt will be an added attraction. The management of the show has been negotiating with Mr. Small for some time but he was not able to give definite answer until yesterday.

MRS. A. L. PLOWMAN MET DEATH IN ACCIDENT

Word has been received here of the death of Mrs. A. L. Plowman, wife of Rev. A. L. Plowman of Kansas City, Mo. The deceased was a resident of this city a number of years ago, and her death was due to injuries received in an automobile accident in Kansas City on March 6.

Rev. Mr. Plowman was the pastor of the Jacksonville church in 1900-02 and at that time the family lived on East College avenue. He is now serving as superintendent of the Beaumont church of Kansas City. Mrs. Plowman was born and reared in Douglas county and was a woman of fine character. Her many local friends will be sorry to learn of her sudden death.

HIGH SCHOOL NOTES

Elton Raymond Shaw of Chicago, of the Life Service Commission of the Methodist Episcopal church addressed the high school students in their general assembly yesterday afternoon in the high school auditorium. Mr. Shaw took as his subject, "Where Do We Go From Here?" and he spoke on the problems of the present day and the many lines of work and activity which are open to the young person of today.

Arrangements have been made by the high school authorities to bring Staples, the magician to the high school on March 27th. The magician and his company will appear in the high school auditorium next Monday evening and will give a program of magic, cartooning and ventriloquism. A night of mystery and fun is promised to all who attend.

Coach Mitchell announced yesterday that spring track practice will start next week. As yet it is not known how many men will report for track work but among the high school athletes there is a large amount of good material for a track team and it is hoped that a championship team will be turned out this year. The dual meet with Springfield scheduled to be staged April 22nd offers an incentive to the men to turn out and a large number are expected to report next week.

ATHLETIC EVENTS AT ILLINOIS COLLEGE

Indoor Track Meet Will Be Held In College Gym Next Tuesday Evening.

The Illinois College indoor track meet will be held Tuesday evening March 28 in the College gymnasium. Each class will enter four men for each event, three of whom may start. Some of the events in the meet are as follows: 20 yard dash; 20 yard hurdles; standing broad jump; standing high jump; running high jump; shot put (12 lb.); throwing medicine ball; potato relay race; obstacle race; wheelbarrow race and rope climbing.

A small entrance charge will be made, the proceeds of which go toward building frames for pictures of winning teams of the past few years. The pictures are then to be hung in the gym.

The final cross country run will be held during the coming week. The day will depend upon the weather and the condition of the roads. The course will be west on College avenue to the road east of the School for the Deaf, north on that road to Lafayette avenue, east on Lafayette avenue to Webster avenue, south on Webster avenue to College avenue, east on College avenue to the college campus around the running track once and a half to complete the distance of two miles.

The Western Illinois high school league meet will be held on the Illinois field Saturday May 6.

The college track team schedule is practically complete with dual meets with Bradley at Peoria on May 6, Eureka at Jacksonville on the morning of the Intercollegiate, May 13, and Wesleyan University at Jacksonville on May 20. The Illinois Intercollegiate Athletic Conference meet will be held at Moline on May 27. Illinois College will hold its Seventh Annual Intercollegiate track and field meet on Saturday May 13. The intercollegiate contest in oratory, declamation, piano, violin, vocal solos will be held on Friday evening, May 12.

BIRTHS

Born, Friday morning to Mr. and Mrs. Welby Johnson of 814 East College avenue, a son.

Mr. and Mrs. W. R. Lovell and Mr. and Mrs. Ross Seymour, all of Franklin were called to Girard Thursday to attend the funeral of Oliver Conlee. The wife of the deceased is a niece of Mrs. Lovell.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a fatty, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

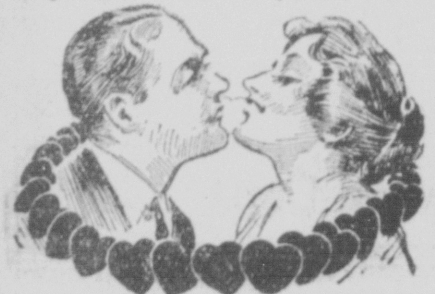

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c

Common Sense About Eczema and Eruptions!

Here's Something About S. S. S.
That You'll Be Glad to Hear.

You might just as well know it right now—the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't com-

Let S. S. S. Give You An Angelic Skin! mon sense to simply treat the skin. A bottle of S. S. S. will prove to you what is happening in your blood. S. S. S. is a scientific blood cleanser—it drives out the impurities that cause eczema, freckles, rash, pimples, boils, blackheads, and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle. Your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S. S. S. also cures hemorrhoids, piles, itching, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps repair lost flesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

FOOD LESSON No. 16

Full-Cream Milk Only Used for GOOD LUCK

The butter-fat content of milk is highly valued as human food and used for creamery products. Milk prices to farmers are based on butter-fat.

But butter-fat is only 12% of the whole milk; while the balance contains practically all the valuable carbohydrates, proteins and minerals as well as most of the water-soluble vitamins and half of the fat-soluble vitamins.

All of these very important food elements are included in fresh Jelke GOOD LUCK because full-cream milk in its purest and best form is churned in fresh Jelke GOOD LUCK Spread-Bread.

Thus in using GOOD LUCK you serve a milk product that contains energy-producing, muscle-making, and bone-repairing food elements, as well as growth-producing vitamins.

Because it is wholesome, nourishing and pure serve—

JUNIOR RAILS WERE

STRONG FEATURES

By Associated Press.
NEW YORK, March 24.—For
the third consecutive session
prices of stocks continued their
upward movement. Pressure
against certain of the more specu-
lative issues indicated an exten-
sion of the bear position.

Junior rails especially Ann
Arbor common and preferred and
Pere Marquette common and pre-
ferred were strong features of
the early trading, advancing 1 to
2 points on reports that both sys-
tems were to figure in a merger
of roads between this center and
the middle west.

Steels almost as a group
strengthened appreciably under
the lead of Bethlehem.

Affiliated of the equipment di-
vision and motors and their sub-
sidiaries also reflected substan-
tial support. Studebaker being one
of the outstanding features.

Sales amounted to \$75,000
shares.

Call money opened and renew-
ed at 1/4 per cent, the highest
since the opening of the week and
at the close, dropped to 1/4 per
cent.

Time funds were comparatively
scarce and practically all one to
three months loans were made at
1/4 per cent. Confusion marked
the day in foreign exchanges,
Sterling easing with firmness in
French and Italian bills and a
slight easing of the Belgian rate.
German marks rallied a trifle
from yesterday's collapse. Liberty
bonds again indicated selling for
profits in today's moderated deal-
ings all but one of the series clos-
ing at trifling recessions.

Total bond sales aggregated
\$17,480,000.

SHERIFF'S SALE.

Directed by the Clerk of the County
Court of Morgan County, in the
State of Illinois, in favor of C. O.
Bayha and against Truman C.
Pond and Carrie L. Pond, defend-
ants, I have levied upon all the
right, title, interest and claim of
Truman C. Pond and Carrie L. Pond
in and to the following de-
scribed real estate, situated in the
County of Morgan and State of
Illinois, viz: Beginning at a
point 36 rods east of the south
west corner of the southeast quar-
ter of the southwest quarter of
Section Fifteen (15), in Town-
ship Sixteen (16) North and
Range Thirteen (13) West of the
Third Principal Meridian, thence
running east twenty-eight (28)
rods, thence north forty (40) rods,
thence west twenty-eight (28)
rods and thence south forty (40)
rods to the place of beginning,
containing in all seven (7) acres,
more or less, as the property of
he said Truman C. Pond and Car-
rie L. Pond, which I shall offer at
public sale, to the highest and
best bidder for cash in hand, at
the south door of the Court House
in Jacksonville, Illinois, on Mon-
day the tenth day of April, A. D.
1922, at ten o'clock A. M., to
satisfy said execution.

W. H. WEATHERFORD,
Sheriff Morgan County.
This 16th day of March, 1922.

DUN'S REPORT WILL SAY TODAY

By Associated Press.

NEW YORK, March 24.—Dun's
tomorrow will say:

"Actual improvement in general
business is still slow to material-
ize but encouraging phases are
attaining increased prominence.
Some progress toward revival of
activity is recorded each week and
strengthening of sentiment upon
which commercial recovery so
largely depends has continued.
Recent gains in certain basic in-
dustries, notably in iron and steel,
are being extended and the ex-
pansion of building operations in
most parts of the country is a
highly favorable augury. Belief
in a gradual betterment on condi-
tions finds more frequent expres-
sion even in lines where results
have been least satisfactory and
existing and threatened labor
troubles, altho causing uncertain-
ty do not check the growth of
confidence. A more optimistic
note has marked reports from the
west since the appreciable rise
in prices of agricultural products
which has enhanced the public
purchasing power in that section
and the depleted state of most
merchandise stocks leads to more
numerous replenishment orders as
consumptive demands broaden."

Weekly bank clearings \$6,538,
7509,000.

DEATH CLAIMS LONG TIME BUSINESS MAN

William T. Brown Died Friday Morning After Many Months of Illness—Identified With Musical Work for Forty-Five Years.

The death of William T. Brown occurred at 4 o'clock Friday morning, following a long period of illness. Mr. Brown had been prominent in the business life of Jacksonville for many years. He retired from active connection with business July 1, 1920, because of failing health.

The remains were taken to the Reynolds Mortuary and funeral services will be held at Westminster church Sunday afternoon at 2 o'clock, in charge of Dr. Thomas Smith. Interment will be in Diamond Grove cemetery.

Mr. Brown was born June 23, 1853, on a farm near Winchester and was a son of Mr. and Mrs. George S. Brown. He attended the schools in his home vicinity and afterwards was a student at Whipple Academy and Illinois College. Early in life Mr. Brown gave evidence of his musical ability and his business for forty six years was along musical lines. Of both studious and artistic temperament, Mr.

tended into pipe organ building and the manufacture of various musical instruments occupied Mr. Brown's interest and thought thru a period of years.

The deceased also became a publisher of music and a company of which he was the active force built up a business thru a wide territory. The coming of ill-health made a change in Mr. Brown's plans necessary and the business of the W. T. Brown Piano Co., since July, 1920, has been directed by James Guyette, who has been a partner of Mr. Brown since 1915.

The deceased was married May 10, 1883, to Miss Anna F. Thompson, a daughter of W. Howard Thompson, a long time resident of this city. Mrs. Brown died in August, 1920. Two children survive, Dr. James Howard Brown, associated with the work of the Rockefeller Institute of Medical Research at Princeton, N. J., and Mrs. Susan Leonard Korner, wife of J. Gilmer Korner of Washington, D. C. One daughter, Mrs. Walter Bellatti, is now deceased. He leaves also four grandchildren and one brother, Leonard G. Brown, formerly of Modesto, and one sister, Mrs. Cordelia Myers of San Diego, Calif.

Mr. Brown had long been associated with Westminster church (filling for years the position of clerk of the session). He was a man reserved and quiet in manner but firmly grounded in his opinions. Altho this quietness of demeanor marked his whole life, it was accompanied by unusual force of character. Those who knew Mr. Brown intimately came into the full appreciation of the earnestness of his life purposes, the firmness of his spirit and the breadth of his culture.

The later years of his life brought sorrow and the weakness of ill-health, but the strength of his spirit endured until the last.

ATTENTION GRACE CHURCH. Our Sunday school contest with Grace Church at Bloomington certainly on and next Sunday will be a great day with us.

Rev. Casely is coming down and will preach to us while our Mr. Tuile goes to Bloomington to preach to them.

We bring even with them in points in the contest last Sunday. We are in the lead and let's stay there. Let's take no chances tomorrow. Everybody young and old will turn out. Also friends of Grace church are invited.

Be sure to be on time and attend church services because these are no counts. A big collection will mean 25 points also.

May Sunday's record be a winner. Everybody boost. The contest ends the last Sunday in April.

Let's have 600 in our Sunday school on Sunday. We can do it.

GOOD ROADS SUBJECTS AGAIN CONSIDERED

Morgan County Association Held Annual Meeting Friday Night—Officers Are Re-Elected.

The annual meeting of the Morgan County Good Roads association was held in the Chamber of Commerce rooms Friday night, with a good attendance. After the transaction of other business, officers were chosen for the year and are as follows:

President—W. E. Sullivan, Vice President—J. R. Snyder. Treasurer—A. E. Williamson. Secretary—H. C. Welch.

During the session W. E. Sullivan presided and various reports were made. That of A. E. Williamson, treasurer, showed a satisfactory financial condition. President Sullivan told of trips made during the year to Springfield, Winchester, Murrayville, Meredosa, Valley City and Riggsport. By action of the president, other officers, 250 markers were placed on Morgan county roads and poles were painted for the Alton-Jacksonville air line trail. The association made a liberal payment to the Mississippi Valley Highway Association and assisted in securing the state bond issue roads for Morgan county.

L. V. Baldwin, county superintendent of highways, gave an interesting statement with reference to the road work proposed for this year. He explained the road grading system and the road oiling plan, and gave some information with reference to county aid roads.

F. L. Mawson, member of the county board discussed the prospect for a state bond issue road west of Jacksonville. W. J. Brady and H. J. Rodgers made report on Convention they attended at Meridian, Miss. A representative of the state automobile association and addressed the organization and asked for an endorsement. John J. Reese, E. E. Henry and L. R. Craig also took part in the discussion. Altogether it was a very interesting meeting, in which many subjects of interest to good roads advocates were considered.

FUNERALS
Funeral services for John Wesley Luttrell were held at the Christian church at Waverly on Wednesday afternoon. The Rev. J. N. Thomas, pastor of the church and Rev. Hamilton pastor of the Methodist church conducted the services.

Music was furnished by a quartette composed of Mrs. Irene Smith, Miss Jessie Ritter, Frank Curtis and Wayne Oddy.

Those who had the care of the floral tributes were Mrs. Mable Moulton, Mrs. Albert Hendricks, Mrs. Jesse Cody and Miss Effie Ritter.

The bearers were Mason, James and C. V. Woods, William and Harry Luttrell and Sidney Burnette, all nephews of the deceased. Members of the G. A. R. were honorary bearers.

Interment was made in Franklin cemetery.

Bell
The remains of John L. Bell were taken from the undertaking parlors of J. H. O'Donnell yesterday to the Union Baptist church in Pisgah where funeral services were held at two thirty o'clock yesterday afternoon. Reverend E. Curry officiated and interment was made in the church cemetery. The many beautiful flowers were cared for by friends.

Music was furnished by Mrs. J. Bishop and daughter and Charles Wood, Miss Minnie Curry accompanied the singers at the organ and played several solo numbers.

The bearers were A. A. Curry, Henry and Oliver Baker, Bascomb Kinnett, Edward Moss and George Adams.

DR. GILLET HONORED AT SCHOOL FOR DEAF

Anniversary Exercises Held Yesterday Proved of Great Interest—Portrait of Dr. Gillett Presented.

A large audience assembled in the chapel of the Illinois School for the Deaf Friday for the anniversary exercises in honor of Dr. Philip G. Gillett. The audience included members of the faculty and student body and a great many friends. The program began with invocation by Mr. George and then in appropriate language a portrait of Dr. Gillett was presented by Mr. Putnam.

The address of acceptance was by Col. G. C. Smith, managing officer of the institution. Colonel Smith spoke in a way to voice his appreciation of the work done by Dr. Gillett and some of his associates for the cause of the education of the deaf, and his own earnestness of purpose along these same educational lines.

An address was made by Hon. George W. Harper of Robinson. Mr. Harper was a schoolmate of Dr. Gillett at Greencastle, Ind., more than seventy years ago. Afterward he became a trustee of the school and his interest there has been maintained all thru the years. Mr. Harper is the editor of the Argus at Robinson and is accounted as the oldest editor in the state.

Another address of great interest was that by Professor Swiler, who was a member of the faculty of the School for the Deaf in its early days. Afterward he became superintendent of the Wisconsin school.

The program concluded with Illinois given in the sign language by three students.

CLUBS AND SOCIETY

Housekeepers Class Meets.

The Housekeepers Class of Westminster church met yesterday afternoon at the home of Mrs. Henry Stewart on South Main. This was the regular meeting of the class and there were about forty present including a few invited guests. The assistant hostess for the day were Miss Frances Smith, Mrs. Orville Coultas and Mrs. Bland. An interesting program of clever games had been planned and pretty favors were given to the members and guests. Music also had a place on the program and Mrs. Orville Coultas played a number of piano selections. Attractive refreshments were served during the afternoon and the affair was a delightful event in every respect.

Entertains for Sister.
Mrs. James Alkire was the hostess at a charming little afternoon affair at her home on West College avenue yesterday afternoon in honor of her sister Mrs. J. J. Hairgrove of Dubuque, Iowa. Mrs. Hairgrove formerly lived in Jacksonville and is making a visit here with Mrs. Alkire.

About twelve of Mrs. Hairgrove's friends were invited in informally and the hours were delightfully spent with sewing and conversation. The hostess served an attractive luncheon during the afternoon.

Entertain for Mr. Swiler.
An informal evening reception was given last night by Miss Frances Wood at her home on Francis street in honor of J. W. Swiler of Burlington, Iowa who was in Jacksonville to talk at the School for the Deaf Friday morning at the services honoring Dr. P. G. Gillett. Mr. Swiler was formerly a teacher under Dr. Gillett at the local institution and Miss Wood was a co-worker with him at that time. A number of friends were invited in to meet Mr. Swiler and a delightful informal evening was spent. Attractive refreshments were served during the evening.

Tuesday Club Hears Rev. Pontius.
Reverend M. L. Pontius of Central Christian church made the address yesterday before the members of the East Side Tuesday club when they met in regular session at the home of Mrs. Dennis Schram on South Main street. Reverend Pontius took as the topic of his talk "Industrial Unrest," and spoke of conditions in the industrial world at the present time, of the conflict between capital and labor, and of the unsettled conditions which have grown out of the world war.

The speaker in speaking of the future of the industrial world predicted a better understanding among all classes and a period of industrial peace. Miss Clara Ransom sang a group of solos at the close of the talk and the afternoon ended with a delightful social hour and the serving of delicious refreshments by the hostess.

Hostess to Fine Point Club.
Mrs. Lillian V. King was the hostess to the members of the Fine Point club yesterday afternoon at her home on West College avenue. The usually delightful afternoon was spent in sewing and attractive refreshments were served at the close of the afternoon.

South Side Circle Met.
The South Side Circle met yesterday afternoon at the home of Mrs. W. O. Wait on Westminster street. The program of the day was in charge of Mrs. E. L. Kinney who took as her subject the History of Illinois. Mrs. Kinney told of the early history of our state and of the important part it has played in the life of the nation. Miss Mary Ballou of the Illinois Woman's College sang a group of Illinois State songs which added greatly to the interest of the program. Dainty afternoon tea was served at the close of the meeting.

Girl's Club Entertains.
Basket Ball Men.
The basketball "J" men of the Jacksonville High school were entertained at a banquet given last evening by the Girl's Club of the high school. The banquet was given in the home economics dining room at 6 o'clock and dinner covers were laid for about fifteen guests. Principal and Mrs. B. F. Shafer and Coach and Mrs. John Mitchell were included in the guest list for the affair.

Red and white was the color scheme used in the attractive table decorations. Roses, red and white menu cards and miniature basket ball place cards were effectively used for the dinner. The following delicious menu was served by the members of the Girl's Club: Fruit cocktail, chicken pie, mashed potatoes, cold-slaw, banana salad, wafers and apricot pie.

After the serving of the dinner Miss Elizabeth Boruff, the president of the Girl's Club presided as toastmistress and the toasts were responded to as follows:

Putting Jacksonville on the Map—Coach Mitchell.
Smiles and Black Eyes—Josephine Milligan.

Good Play—Principal Shafer.
Scraps out of the Waste Basket—Ruth Staff.

Girls Duty B. B.—Palmer Hunt.
To the Coach—Al Arter.
Ideas of One on the Other Side of the Desk—Miss Rossiter.

Housekeepers Class Holds Meeting.
The housekeepers class of Westminster church enjoyed a class party at the home of Mrs. Henry Stewart in South Jacksonville Friday afternoon. There

AUTOMOTIVE MEN AT PRE-SHOW CONFERENCE

Several Addresses Made at Friday Night Dinner—Auto Registration Facts Show Growth of Business.

The automotive dealers met for dinner at the Dunlap Friday evening to talk over some matters relative to the show which is to open on Monday. An excellent dinner was served in the ordinary and the business program began afterward.

John G. Berger presided. Before the business program he called on Mayor Crabtree for brief remarks and upon several other visitors. R. N. Thompson, district manager of the Packard Motor Car Company, P. N. Harmon, chief of the auto division of registration, and W. S. Foreman of that department.

The organization on motion of F. Clause with a second by Charles M. Strawn, donated \$25 toward the Morton avenue pavement fund and a like amount to the Mercedosa bridge project.

Mayor Crabtree expressed his pleasure at being present; complimented the automotive men for the zeal that they continually show in their business. As a matter of special interest to them, he explained some facts about the progress of preparations for the Morton avenue and East State street pavements.

Mr. Harmon gave some reasons for his belief that this coming year is to be one of special prosperity for the automotive men. He noted the figures on Illinois car registration to show that last year in the difficult business conditions that there were more than 100,000 more cars in Illinois by comparison with 1920.

In the last nine years the number of cars in the state has grown from 68,973 to 670,434. Illinois is now the fifth state in the union with reference to the number of cars. The speaker offered various suggestions as to the way that automotive men can assist in observance of registration laws.

W. S. Foreman also made interesting remarks.

The decoration committee reported that the work is practically completed and the spaces for the auto show are now available. Some of the cars will be moved in today.

When various themes were being discussed, mention was made of a number of "blind corners," which are a danger from traffic standpoint. A committee was appointed, including J. F. Claus, Ralph Withee and George Luke-man, to take this matter up with city officials.

The addresses of the evening in addition to those mentioned included one by W. H. Irving of Mt. Sterling and E. K. Dennis of Versailles.

WITH THE SICK

Miss Louise Strandberg of the Clover Leaf office is ill at her home on South Main street.

Mrs. James Merrill, Miss Clara-bell McGinnis, Miss Betty Palmer, Miss Irene Merrill, Miss Dorothy Frances Hitt and Richard Hyer were members of a party who drove to Springfield Thursday night to attend the Fritz Kreisler concert.

Miss Fay Kitner who is in the office of the Clover Leaf company is ill at her home in Murrayville.

Mrs. Harry Ferry who has been confined to her home on Caldwell street the past two weeks with a severe attack of influenza is able to be out again.

THE MARCUS SHOW AT THE GRAND.

The Marcus Show, extensively advertised as a revue of the Ziegfeld type, was presented at the Grand Friday night. For the small audience present it proved to be a very lively, tuneful musical production, with an abundance of specialties.

"Cluck, Cluck" is the unusual appellation of the Marcus show and it has been featured in the big cities the country over. Evidently Jacksonville people did not have a clear understanding of the character of the production, for the audience was not nearly as large as the revue deserved.

The opera house management is seeking to bring only meritorious road shows to the Grand and deserves public support in this effort.

DAMAGE SUIT BROUGHT AGAINST S. T. ZACHARY

Mrs. One Crawford, administratrix of the estate of Luther Crawford, has filed a damage suit against S. T. Zachary. Only the praecipe has been filed. Walter W. Wright is the attorney for the complainant. The suit, of course, is based upon the fact that Luther Crawford, husband of the complainant, was shot and killed by Mr. Zachary in an altercation last November.

There were a large number of members present and the afternoon was enjoyably spent in games which included a spelling contest. The hostesses were Mrs. Stewart, Mrs. Orville Coultas, Mrs. Bland, Miss Fannie Smith. Refreshments were served at the close of the meeting.

Mrs. W. O. Swales Hostess to Coterie Club.
Mrs. W. O. Swales entertained the Coterie Club Thursday afternoon at her home 422 South Clay avenue. All the members of the club were present but one. One new member was added and there was one visitor. The social hour was greatly enjoyed and during this time the hostess served very delightful refreshments.

FAMILY REUNION AT HOME IN FRANKLIN

A reunion of the children of "Cap" Seymour is being held at the old family home in Franklin this week. Among the children who are in attendance are Mrs. William Murphy of South Bend, Ind.; Mrs. Harry Callon, of Decatur; Mr. and Mrs. Harry Seymour of Centralia; Mrs. Charles R. Knollenberg, of Jacksonville; Austin Seymour of Franklin and Mrs. George Brown of Franklin.

One day during the week there was a dinner party at the home of Mr. and Mrs. George Brown.

There were other family gatherings, and the whole occasion is proving a very pleasant one for all.

All Kinds of Home Made Cakes DOUGLAS GROCERY & DELICATESSEN

George R. Ezkin of Concord was listed among the visitors to Jacksonville from the west part of the county yesterday.

JUNIORS ARE CLASS CHAMPS

The Junior basketball team won the class championship in the interclass play in David Princes gymnasium Friday night defeating the Sophomores by a score of 17 to 5.

The game was hard fought but the Sophs seemed to be tired from their efforts in the game Thursday night and could not get to going.

In the game for third and fourth honors the Freshmen defeated the Seniors by a score of 25 to 10. The games this year were much better than those of a year ago. One reason for this was that more men have been playing basketball this year and the men coming up from the Junior High School have had several years experience.

There was a large attendance during the two nights play. An admission fee of ten cents was charged and the receipts totaled over \$40.

LARGE FUNERAL TO BE HELD TODAY

The funeral of the late Gustave Hase will be held at 2:30 o'clock this afternoon at the Gillman Funeral Home. The services will be in charge of Rev. J. G. Kappeler, pastor of Salem Lutheran church, and interment will be made in Jacksonville cemetery.

The deceased was born in Germany in 1847, coming to this country at an early age. He had been a resident of Jacksonville for more than fifty years. He leaves one sister, Mrs. Elizabeth Kirsten, residing in Germany.

Merchants and Manufacturers EXPOSITION

To Be Held at the

AUTO INN

March 27th to April 1st, Inclusive

Everybody Welcome---It's Free

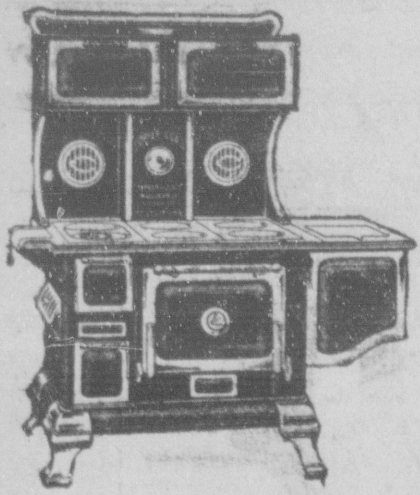

SPRING is here! The season when all Nature is experiencing the joyous thrill of new life. Among us humans there is a strong desire to throw off the sluggishness that Winter has cast upon us, and there is no better way than by going where we can see, hear and enjoy something new and different.

It has been largely with this end in view that the Automotive Dealers association of Jacksonville, with the splendid co-operation of the city's merchants and business men in all lines, instituted and promoted this semi-annual exposition. Those who have attended previously know that these events are more than

mere shows—splendid entertainment is provided, including music, dancing and novelty stunts; there are displays of many interesting sorts; but more than all else, is the opportunity to mingle with our fellow men that we seldom meet, and to get and exchange ideas that will prove a genuine inspiration throughout the entire year.

No where outside the very large cities will you find such splendidly equipped, staged and lighted expositions; no where will you find one more beautiful in its entirety.

Value Records

The Nash
Greater Six
\$1390

The Nash Four
\$985

The Greater Nash Six new Model 691, outstrips every previous attainment of the great Nash organization—the finest automobile C. W. Nash ever built. The Nash Four is the recognized value leader in the light car field today—the quality car at a popular car price. All Nash models, both open and closed, have cord tires as standard equipment. Come in today!

INTERNATIONAL MOTOR TRUCKS

In the motor transportation world, no factor stands higher or commands greater respect than the record of International Motor Trucks. In fifteen years' time the trucks that make up the International line have gone out in vastly increasing numbers into all industries requiring hauling facilities. Today they are among the few leaders in DISTRIBUTION, PRICE, SERVICE rendered, LONG LIFE and POPULARITY.

Deppe, Houston & McNamara

Everything for Automobiles

Modern Service Station, in charge of first class mechanics, thoroughly equipped to give maximum service at minimum cost.

Why We Selected the Nash Touring Cars & International

MOTOR TRUCKS in Preference to Other Cars and TRUCKS, AFTER several years of intensified automobile merchandising of several medium and high priced cars, we have learned three important lessons, which were directly the cause of our selecting the NASH and INTERNATIONAL as a standard and a permanent merchandising principle, and these principles put into force, we believe, have primarily been our success.

1. QUALITY Must Rule Supreme.
2. Customers are retained only by Honest Service.
2. Reputation of a Product is the Principle of the Factories.

New York, March 24.—At \$500 a week there is no doubt that Babe Ruth will try for a new home run record this coming season.

"He doubt comes with the question will he do it?"

Everything is against him, except that sort of do-anything spirit that has characterized his baseball career. It is that spirit of nothing-too-loud-for-me that makes Col. Jake Ruppert, president of the Yankees, believe that the Bam will go higher than the 29 he hung up last season as the high mark.

"Missing play for five weeks when the pitchers ought to be easy for him will be a big handicap to Ruth, but he always has done his best work under pressure. When the going has been hardest he has always delivered and I'm sure he will this year," Ruppert said today.

No one blames Ruth for getting \$500 for every homer, but many smart baseball men accuse of the Yank club their owners of a lack of their usual business foresight in advertising the arrangement with the sweat king. Some skeptics, as was pointed out before, will curl their lip every time Babe hits a grooved ball and insinuate that the pitcher did it intentionally for a cut of the prize money. However, others maintain that the pitchers will make added efforts to beat the slugger.

The "Big Bam" is going about his work with a burst of enthusiasm that indicates a sincere purpose to reach new heights this year. He has allowed a few close friends in on the secret that he has two ambitions in 1922—a new home run record and the batting championship of the major leagues.

Ruth had a vaudeville contract that was said to be paying him about \$4,000 a week and he could have kept on the boards until the first of May but he cancelled his bookings before the first of March and went south to train, although he cannot hope to play before May 20.

Last season he reported south weighing over 230 pounds, with his eyes as much out of conformation as his girth. He was out of shape most of the season and it was only that battling spirit that pulled him through. This year he reported for work weighing just a little over 200 pounds, he seemed to have his eye from the start and he worked harder than any rookie in the camp.

All hope of having a modification of his sentence from Commissioner Landis has been abandoned and he is going to travel with the team and work out every day until game time.

Some of the game's close followers look at the Babe's industry down south as an attempt to get himself in sprinting shape. To beat his record this season he will have to over-

come a big handicap and many of his friends believe he is going to try to make his legs good for many full circuit clouts without being forced to drive them out of the park.

At least five of his drives far out to centerfield last year went only for doubles and triples when an ordinary runner from the other clubs could have made it all around standing up. If he can get some weight off and get some speed out of his legs he will not have to smash them over the fence.

IN THE WORLD OF INDUSTRY

As early as 1794 the cordwainers of Philadelphia adopted the "closed shop" principle and compelled their employers to retain none but union members in their shops.

One of the first steam engines used to drive mill machinery in the United States was installed, about the beginning of the last century, in a little establishment for grinding plaster of paris in Philadelphia.

The large majority of the population of India are engaged in agricultural pursuits, nearly 200,000,000 being either engaged in tilling the soil or dependent for their living upon those so engaged.

One large grocery and confectionery house in New York City maintains in its establishment a complete saw-mill and an ingenious mangle machine, which automatically makes shipping cases in which the firm's wares are delivered to all parts of America.

The first systematic attempt in America to develop an extensive water-power for industrial purposes is credited to Alexander Hamilton, at whose initiative a company was chartered in New Jersey, in 1791, with broad powers to utilize the water-power at the point where now stands the city of Paterson.

Mexico has officially adopted the twenty-four-hour system of marking time, following the lead of France and Italy, where the system has been in vogue for some years.

Arrangements are being made to hold a national convention and exhibition of the confectionery and associated industries in Chicago next May.

California produces enough oil in a year to supply a barrel of the fluid to every man, woman and child in the United States.

Despite the many differences in caste and tribal relations, trade unionism is said to be making remarkable headway in India.

The 1922 convention of the Canadian Gas association is to be held at Hamilton, Ont., next August.

Metal work began in the British Isles with use of Irish copper tools about 2,500 B. C.

Difficulty in holding skilled labor in Finland has grown acute. Importation from other countries has proved unsuccessful.

REO

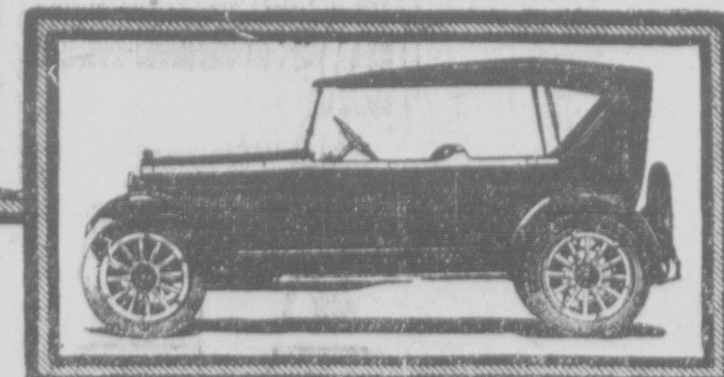

A New Model

The new Reo Light Weight Seven Passenger will be shown at our exhibit at the Auto Show. This model has two auxiliary seats which fold up out of sight when not in use and thereby giving you a five or a seven passenger car.

BREEDEN and DORAND

A Ten-Day Remodeling Sale

March 22nd to April 1st

SIX BIG DAYS LEFT

Our business has grown to the extent that we must have more floor space. To this end we are remodeling and re-arranging our entire store. We expect to create the most perfectly appointed ladies shopping house in the city. During this remodeling sale we must clear our shelves as much as possible, regardless of profit or loss. You the buyer, will reap the benefit. It would be impossible to purchase goods at such prices were we not forced to reduce our stock.

Those who know Shanken's goods will tell you that it pays to get acquainted.

First Time in Jacksonville—A Public Radio Concert

Every Evening during the Auto Show, Merchants and Manufacturers' Exposition, at the Auto Inn, beginning at seven o'clock.

Arrangements have been made whereby, through the courtesy of the Illinois Electric company, Chicago, representatives of the Westinghouse Electric & Manufacturing company, there will be installed in our booth at the show a complete Westinghouse Radio Wireless outfit.

This splendid example of modern research and ingenuity will be in charge of an expert operator from the company's headquarters. Several large amplifiers will be installed so that the programs received may be heard in all parts of the building.

The instrument will be of a size and power to receive the musical programs, and news of interest, sent out from the principal broadcasting stations in this country, and should prove of particular interest and add to the pleasure of every visitor during the week.

We shall have on display in our booth several smaller size Westinghouse Radio outfits, suitable for homes, and factory representatives will be present to give full details as to installation, operation and costs.

We shall also have on display in our booth the Clark "Jewel" Lorain-equipped gas stove, The Eden Washer, and Universal Electric appliances.

RICH RUSSIAN RECIPES

MY MAJOR GENERAL LODIJENSKY

Formerly of Russian Army. Now New York Restaurateur

Russian Bliny
RUSSIAN BLINY is somewhat similar to the American griddle cake. The ingredients are:

1-2 pounds of rye flour, hot milk, 1 yeast cake, a pinch of salt.

Just enough hot milk should be mixed with the rye flour to make a medium batter. Add the salt. When the mixture is thoroughly cool add the yeast, which has been moistened in water as for making bread. Then put aside to rise. It may be mixed in the evening and allowed to rise during the night, thus being ready for use in the morning.

Drop from a spoon to a buttered pan and allow to fry first on one side and then on the other, until nicely browned.

These cakes are eaten with hot butter and sour cream or with caviar.

Pojarsky Cutlets.
THESE are named after Prince Pojarsky who originated the dish.

Ingredients: 3 pounds of veal, 1 pound of pork, 1 pound of chicken, 1-2 pound of bread, 1 glass of milk, 2 eggs.

Chop finely the veal, pork and chicken which have previously been boiled. Soak the bread in

the milk into which 2 eggs have been beaten and then mix with the meat. The bread must have been broken before soaking. Add salt and pepper to taste. Shape into flat cakes. Sprinkle with dry bread crumbs and then fry in butter.

Dressing for Pojarsky Cutlets or Other Meats

MIX 1 spoon of melted butter with 1 spoon of flour. Heat over a slow fire. Add pinch of pepper and salt. Add 1 cup of bouillon, preferably that in which the meats have been boiled. Add 1 cup of chopped fresh mushrooms and a little sour cream. Cook over a slow fire until creamy.

Dressing for Fish

MIX 1 tablespoon of melted butter with 1 tablespoon of white flour. After creaming this add a cup of bouillon in which the fish was cooked. Add the yolks of 3 eggs and beat well into the sauce. Grate the rind of 1 lemon and add to the sauce. Chopped cabbage may be added to this dressing if desired.

France plans to conserve 40,000,000 tons of coal annually by the electrification of its railroads.

There's Style for You

Get out of the class that is only getting 50 per cent satisfaction from ready-made clothes. Your individual appearance will always be limited until your clothes are made to suit you, and you only, as regards pattern and style. There's a saving in merchant tailored clothes that you probably haven't realized. It will pay you well to inspect our complete line of haberdashery.

THE MOTORISTS' COMPLETE OUTFITTING STATION

We have reserved space at the Auto Show, Merchants and Manufacturers' Exposition, at the Auto Inn, and extends a cordial invitation to every visitor to Jacksonville during the week to pay us a call.

Bring your cars to our station for storage while in the city. Visit our rest room and avail yourself of our facilities.

At our service station we carry in stock a full line of everything the motorist may find himself in need of, from repair or substitute parts to accessories and tools—we claim to be a real service station.

While our space will not be near large enough to exhibit our entire line, we shall have several things on display that will be of peculiar interest.

CASE

The Car That
Includes Every
Desired Feature

A man may wear shoes that pinch his feet or sit in an uncomfortable chair or sleep on a bed that sags in the middle, but when he climbs into an automobile nothing but the absolute maximum of comfort will satisfy him.

He demands that nothing shall interfere with comfort. When he becomes a motorist, all jolts, jars and vibration must be abolished, and when he goes to buy a motor car that standard of luxury is what he is looking for.

To meet his requirements, the best engineers the J. I. Case Manufacturing Company, could obtain have been working for years, and have now accomplished the desired results.

Better roads, tires, springs, shock absorbers and better upholstery have all contributed to the motorist's comfort. As units, these factors of comfort have been very high-

ly developed. And lately, there has been a decided effort on the part of the Case Company to use these units in a way that is especially adapted for the comfort of specific classes of drivers and motoring conditions.

The high-powered, speedy car is generally low slung, with the springs placed close to the wheels. This adds safety to comfort when the car is driven at a high rate of speed.

Other phases of design which effect comfort have been developed by the Case Company at the request of the motoring public.

The Case Car Affords Every Wanted Feature.

Brown's Music Store

Business Address, Southwest Corner Square

By W. A. PHELON
IN OLD NEW YORK

In old New York—
The fans are dippy, for the money-bag
Of John McGraw has bought another flag—
"Develop players?" Why, what is the use?
The Giant ball club is the golden goose—
What other city has the slightest chance?
Against the wallet and the high finance!
In old New York!

In old New York—
What if a star note should break up the song?
What if the golden hopes should all go wrong?
What if the fierce work of some other team
Should simply ruin that expensive dream?
Think of the agony on every hand
If the pennant flag should refuse to land
In old New York!

WHEN OUR FAVORITE HORSE
LOSES, OUR PET BALL CLUB COL-
LAPSES, AND OUR STAR FIGHT-
ER IS KNOCKED OUT, WE ARE
ASTONISHED. THEN, WHEN WE
THINK IT OVER, WE ARE SUR-
PRISED AT OUR OWN ASTON-
ISHMENT.

EAT PRINCESS LIE 10¢

A JAPANESE CHALLENGE.

The humble and unworthy Manager Mitsusaka of the lowly, crawling Yokomata ball club, presents compliments to the Hon. Manager Yashimuta of the noble and exalted Sugimama ball club. If it will honorably please Hon. Yashimuta, will he bring his club of Samurai and incomparable heroes to the poorly equipped and wretchedly furnished park of the miserable Yokomata club for Hon. ball game next Saturday?

There are delicate nuances and ethereal essences, even to a baseball game," says an aesthetic eastern writer. You bet! For instance, the delicate nuances which distinguish a fly ball from a liner, and the ethereal essences which permeate and pervade a three-bagger.

Some of our boxers are ambitious, but too ambitious. And still others stop everything with their chins.

One bad thing about Tommy Gibbons' incessant knockout victories; every time he soaks one of those set-ups he increases the number of the unemployed.

IT'S AN AWFUL THING FOR A FELLOW TO REALIZE THAT HE WAS ALWAYS A PIKER. THE GHOST OF JESSE JAMES MUST FEEL DISGUSTED NOWADAYS.

WE WOULD LIKE TO SEE
Helmie Groh as Little Eva.
Judge Landis as Portia.
Pat Moran as Lady Macbeth.
Fred Mitchell as Bertha the Sewing Machine Girl.
High Duffy as Nellie, the Beautiful Cloak Model.
Some of our boxers are ambitious, but too ambitious. And still others stop everything with their chins.

Do clever men make good husbands? No—clever men do not become husbands.

Many ballplayers become policemen when their diamond days are over. You hardly ever hear of a ballplayer becoming a fireman. Yet ballplayers, while at the height of their careers, pal around with firemen, but seldom with policemen.

MEN IN PHILADELPHIA OFFERED A \$600,000 PURSE FOR JACK JOHNSON AND JACK DEMPSEY. JUST AS HE WAS ABOUT TO SELL THE PICTURE RIGHTS, THE KEEPERS CAME AND LED HIM GENTLY BACK TO THE PLACE WHERE HE BELONGED.

John Bourne of Literberry paid the city a business visit yesterday.

At the Auto Show

To be held in this city for a full week, Beginning Monday, March 27, at the Auto Inn, We shall have a complete line of the new models

Hudson and Essex

Including the Superb Essex Coach Special

The Essex leads them all today, in its class, in the number of gruelling road tests it has undertaken and won—it leads them all in edurance and low upkeep—it is excelled by none for beauty, comfort and ease of operation. Read this statement in a recent issue of the Denver Post. We can cite you to hundreds of others, and shall welcome a chance to give you a personal demonstration.

Turn to Genesis 41-43

"And Pharaoh made Joseph to ride in the second chariot which he had; and they cried before him, Bow the knee; and they made him ruler over all the land of Egypt."

There you have the earliest definite reference to transportation on wheels—the account of Joseph riding in Pharaoh's chariot! Now come and ride in a Hudson Coach or an Essex Coach and you will have the other extreme—the LATEST in transportation!

Joseph in a Chariot: You in a modern Coach!
That's something to think about!

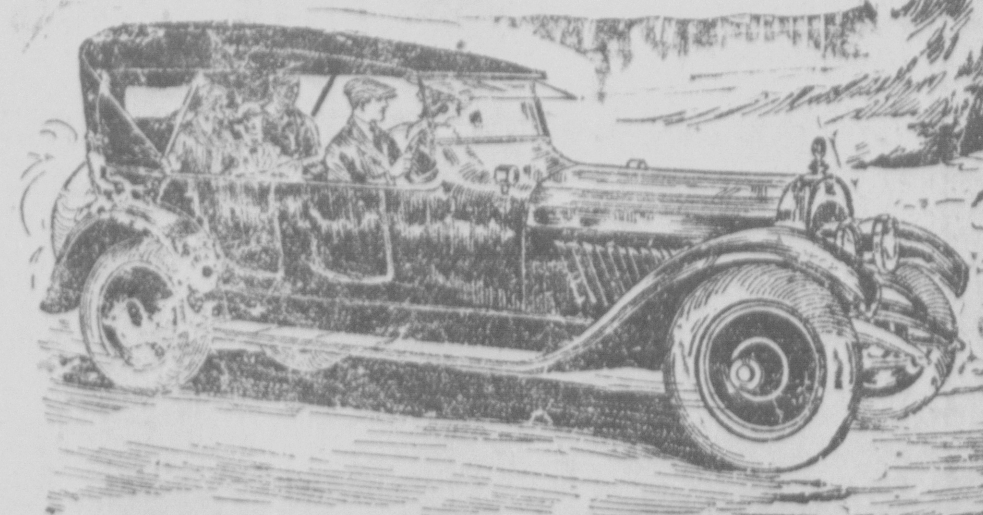

"A remarkable and unusual performance was recently made by a standard 1922 Essex coach, which, mounted on flanged railroad wheels, recently made a flying round trip of inspection from Los Angeles, Cal., to Phoenix, Ariz., 1,349.2 miles over the Santa Fe railroad tracks, in thirty-five hours and ten minutes actual running time, at an average speed of 38.4 miles an hour. "The coach came thru the gruelling trip in perfect shape and experienced no difficulty whatsoever during any of the long test, say railroad officers, who rode in it. It conquered at high speed the grades which mark the Santa Fe route thru the numerous mountains encountered. Hudson Essex officials and railroad officers, as well, are exceptionally well pleased with the Essex performance. Railroad men are of the opinion that the Essex test may mean that automobiles of a revised design may replace railroad trains in making certain trips.

"Tho the flanged wheels made the coach heavier than the standard model, its consumption of oil and gasoline was unusually low.

"The speedy Essex maintained a regular schedule thruout the trip. East-bound, it left Los Angeles at 6:55 a. m., and arrived in Phoenix at 11:30 p. m. the same day. This direct run of 491.5 miles was made in twelve hours and twelve minutes actual running time, at an average speed of more than forty miles an hour.

On straightways, speeds of fifty to fifty-five miles were maintained and on one lengthy stretch an average of sixty-four miles was made.

"The return trip was made by a longer route, but notwithstanding steep grades and much time lost on sidings, the 857.7 miles was completed in twenty-two hours and fifty-eight minutes. A mechanic and two railroad officials accompanied the Essex driver. One man drove the entire distance east bound."
